## STUDENTS' ACCEPTABLE USE FORM

### Grades 3-Adult

### 2016-2017

Monongalia County Schools (MCS) encourages the use of technology to further its educational mission and to facilitate effective, leading edge educational practices. It is the general policy of MCS that all technology resources are to be used in a responsible, efficient, ethical and legal manner. We want our students to become 'digital citizens' and appropriately and safely learn, work, play and live in today's global society. Please read and discuss with your child the following guidelines. More and more of what is done in the classroom involves the use of technology. MCS will provide various technology platforms and expects that all users will abide by the following guidelines:

As a technology user, I will adhere to all West Virginia State and MCS policies including the following acceptable use guidelines. It is my responsibility to follow these guidelines with all MCS technology when used off-site and on-site.

#### Student responsibilities:

- ✓ I will use all technology (including but not limited to computers, cell phones, laptops, netbooks, PDA's, MP3 players, iPods/iPads, and other electronic devices) only for educational purposes approved by MCS and under the supervision of approved MCS personnel. I understand that all computers and all technology are property of MCS; their use is not private and use may be monitored and all files stored on computers or the server can be reviewed.
- ✓ I will not access, read, print, create, send or post unethical, illegal, immoral, inappropriate, or obscene materials.
- ✓ I will not send harassing messages, pictures or information of any type to anyone from any device including personal devices –resulting in “cyber bullying”.

- ✓ I will not participate in direct electronic messaging/posting activities (social networking, chat, wikis, blogs, etc.) during school unless assigned for a specific education purpose and under the direct supervision of the authorized MCS personnel responsible for the assigned activity. I will not attempt to access social networking, chat, etc., sites on any device, including personal devices during the school day. Social networking includes sites such as Facebook, Twitter, Yammer, and many more.
- ✓ In order to preserve bandwidth for all users, I will refrain from any “gaming” except the use of educational games that have been assigned to me and are supervised.
- ✓ I will not attach devices to school equipment or the network unless I have been given prior authorization; these devices may be confiscated. Devices include iPods/iPads/iPhones, mp3 players, cell phones, tablets, laptops, etc.
- ✓ I will treat all equipment with care and respect. I will not have food or drink near any equipment. I will not interfere with or disrupt other users, service, or equipment.

- ✓ I will avoid excessive printing.

#### Chromebook:

-  (Chromebooks will not be assigned until late November/December 2016. Informational events will be held to help inform parents prior to the distribution.) I understand and will abide by the Chromebook Agreement (Which will be sent later). I understand that the Chromebook assigned to me can be taken away from me at any time due to misuse – whether it's destroying it or using it to go online and not respecting myself or others, not protecting myself or others, posting bad things, and/or not respecting my equipment or others' equipment. (CB will get them at the start of the year.)

### 🔊 **Student Fair use and Copyright:**

- ✓ I will not download, upload, install, or access any software or files onto any computer or other devices unless I have the approval of the building network administrator or other authorized MCS personnel.
- ✓ I will use only files I have created or files/programs I am authorized to use; therefore, I will not change, copy, rename, delete, view or otherwise access files unless I have prior permission from the creator or network administrator.
- ✓ I will respect network security and not attempt to bypass it. This includes, but is not limited to, "hacking" and attempting to interfere with system security software. If I am aware network resources are being used inappropriately or bypassed, I will report it to the adult in charge.
- ✓ I will not knowingly create, distribute, or execute any virus, worm, Trojan horse, malware, spyware, spam, etc. or disable or change tools used to monitor hardware and software.

PLEASE USE YOUR OWN**

I understand that these guidelines include use of personal devices such as cell phones, laptops, iPods/iPads/iPhones, MP3 players, and other electronic technologies. I will not access school network resources with personal devices without the specific permission of the school network administrator. Devices that are connected without permission can and will be banned on the school's network. I will not use such devices for cheating, taking inappropriate pictures/videos, copying of materials that could be used for cheating, text messaging, circumventing the states/county network/internet filtering, cyber bullying, harassment, or any inappropriate communication. I understand that CIPA (Children's Internet Protection Act) requires that all Internet access be

filtered; therefore, I will not use personal devices to circumvent these guidelines.

*I am personally responsible for my actions in accessing and utilizing the school's technology resources. If I use technology inappropriately, I can have my privileges suspended for a period of time which can impact my grades. Based on the severity of the violation, I could lose technology privileges permanently, including my cell phone. In the case of vandalism or malicious destruction of data or equipment, I or my parents could be expected to pay for repair and/or replacement of damages.*

I have read and discussed the Monongalia County Acceptable Use Policy with my child.

I understand that Monongalia County Schools provides access to computers, networks, the Internet and other technologies as a tool to facilitate learning and enhance the educational development of all students and that there are consequences if my child does not follow these rules.

At the time this was written, Chromebooks were in the works for the 2016-2017 school year. Parent informational meetings will be held numerous times early in the school year. In order for a student to be able to take an assigned Chromebook home, parents must acknowledge that they understand the guidelines set forth in this AUP and the Chromebook Agreement. As always, the internet is a big, bold world and students have to be educated to use it responsibly and understand that there are consequences for misuse. That education has to come from both the school and the home. (CB Middle/High will get theirs at the start of the school year.)

As the parent (guardian) of \_\_\_\_\_ (student's name), I have read the aforesaid consent and waiver for use of technology in school and have discussed this with my son/daughter. I understand that this access is for educational purposes only, and that it is the responsibility of my child to restrict his/her use to classroom projects assigned. Your child's picture may appear on the school/county web page or newsletter. Guidelines have been set so that a child is not identifiable by name. If you do not wish for your child's picture to appear, please notify the school in writing within five days of signing this form.
